- **Programming Languages** : Core Java, JavaScript, C/C++, OOP
- **Frameworks** : SpringBoot, React, Hibernate, JPA, Maven
- **Web Technologies** : HTML, CSS, Bootstrap, Tailwind CSS, Thymeleaf, Figma
- **Database Management** : PostgreSQL, MySQL, MongoDB
- **Version Control** : Git

EDUCATION

M.Sc. in Computer Science April 2024 - Present
IU International University of Applied Sciences, Berlin, Germany

Bachelor of Computer Application (BCA) June 2019 - March 2022
Veer Narmad South Gujarat University, Surat, Gujarat, India

PROFESSIONAL EXPERIENCE

WEB DESIGNER (INTERNSHIP) March 2025 - April 2025
PEER NETWORK | Berlin, Germany

- Designing intuitive and responsive UI/UX for the company's website and mobile application.
- Collaborating with developers to create seamless user experiences aligned with brand guidelines.
- Contributing to the visual identity of PEER NETWORK by creating clean, modern, and user-friendly designs.

JUNIOR SOFTWARE ENGINEER May 2022 - June 2023
THE MAGIC DEV | Mumbai, India

- Assisted in the development and maintenance of Java-based web applications, focusing on back-end tasks with Core Java and basic SpringBoot functionalities.
- Enhanced application responsiveness by creating and optimizing front-end components with HTML, CSS, and JavaScript.
- Implemented RESTful APIs, ensuring seamless integration across multiple modules.
- Collaborated with the team using Git for basic version control and code management.

PROJECTS

1. Trading Platform

- Developed a trading platform using Java Spring Boot for the back-end and React for the front-end.
- Implemented secure user authentication and enabled real-time stock trading functionality.
- Designed a trend visualization dashboards and integrated external APIs for live stock updates.

2. Smart Contact Manager

- Created a contact management system with advanced search and filtering functionalities.
- Implemented user authentication and access control to ensure secure data handling.
- Built the back-end using Spring Boot with MySQL for data storage and employed Thymeleaf for front-end rendering.

3. E-Commerce Web Application

- Developed a full-stack e-commerce platform using Spring Boot, H2 database, and Thymeleaf.
- Implemented user authentication, product management, and shopping cart features.
- Designed a responsive UI, ensuring cross-platform compatibility and a seamless user experience.

SOFT SKILLS

- Collaboration & Teamwork
- Adaptability & Time Management
- Leadership & Self-Motivation
- Problem-Solving & Critical Thinking
