- **Frameworks** : SpringBoot, React, Hibernate, JPA, Maven
- **Web Technologies** : HTML, CSS, Bootstrap, Tailwind CSS, Thymeleaf, Figma
- **Database Management** : PostgreSQL, MySQL, Postman
- **Version Control** : Git

---

## EDUCATION

- |   |                               |
|---|-------------------------------|
| <b>M.Sc. in Computer Science - Berlin, Germany</b><br>IU International University of Applied Sciences | <b>April 2024 - Present</b>   |
| <b>Bachelor of Computer Application (BCA) - India</b><br>Veer Narmad South Gujarat University         | <b>June 2019 - March 2022</b> |

---

## PROFESSIONAL EXPERIENCE

<b>WEB DESIGNER (INTERNSHIP)</b>	<b>March 2025 - Present</b>
----------------------------------	-----------------------------

**PEER NETWORK** | Berlin, Germany

- Designing intuitive and responsive UI/UX for the company's website and mobile application.
- Collaborating with developers to create seamless user experiences aligned with brand guidelines.
- Contributing to the visual identity of PEER NETWORK by creating clean, modern, and user-friendly designs.

<b>JUNIOR SOFTWARE ENGINEER</b>	<b>May 2022 - June 2023</b>
---------------------------------	-----------------------------

**THE MAGIC DEV** | Mumbai, India

- Assisted in building and maintaining Java-based web applications using Core Java and Spring Boot.
- Improved front-end responsiveness with HTML, CSS, and JavaScript.
- Implemented RESTful APIs for smooth module integration.
- Used Git for version control and team collaboration.

---

## PROJECTS

---

### 1. Trading Platform

- Developed a trading platform using Java Spring Boot for the back-end and React for the front-end.
- Implemented secure user authentication and enabled real-time stock trading functionality.
- Designed a trend visualization dashboards and integrated external APIs for live stock updates.

### 2. Smart Contact Manager

- Created a contact management system with advanced search and filtering functionalities.
- Implemented user authentication and access control to ensure secure data handling.
- Built the back-end using Spring Boot with MySQL for data storage and employed Thymeleaf for front-end rendering.

### 3. E-Commerce Web Application

- Developed a full-stack e-commerce platform using Spring Boot, H2 database, and Thymeleaf.
- Implemented user authentication, product management, and shopping cart features.
- Designed a responsive UI, ensuring cross-platform compatibility and a seamless user experience.

---

## SOFT SKILLS

---

- Collaboration & Teamwork
- Adaptability & Time Management
- Leadership & Self-Motivation
- Problem-Solving & Critical Thinking
